St John

Your *independence*
is everything
Let's protect it

The next best thing to being there

If you or your loved one has an accident or medical event, it can be worrying knowing that someone might not be around to help.

A St John Medical Alarm gives peace of mind knowing expert care is available at the press of a button.

It's a simple way to support independence, while giving you both the confidence that access to help is available day or night.

When it matters most, you're in expert hands

We take care of everything – from installation to emergency response and ongoing support, every step is handled by our friendly team. And if an ambulance is required, there's no charge – so there's one less thing to worry about in an emergency.¹

Home base unit	✓	✓
Mobile pendant & charger	–	✓

1. In Wellington and the Wairarapa, emergency ambulance services are handled by the local provider. All other aspects of your alarm care are fully managed by us.

Choosing the right alarm

Whether it's for home or out and about, we'll help find the perfect solution for you or your loved one.

Home

Pendant or wristband

Have peace of mind with a neck pendant or wristband – lightweight, comfortable and waterproof. With one press, the alarm activates through the home base unit, connecting you with help straightaway.

Base unit

Press your alarm and we're on the line – talking to you through the 2-way speaker, or sending help if we can't hear you. It also has a backup battery, so there's no need to worry about a power cut.

Anywhere

Home + mobile pendant

In addition to the Home alarm, the Anywhere package also includes a water-resistant mobile pendant, giving you freedom and confidence when you're out and about. It works anywhere in New Zealand with cellular coverage.

How it works

A St John Medical Alarm is simple, reliable and ensures you or your loved ones can access expert care anytime.

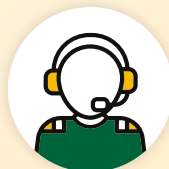

Press the button

When the unexpected happens, press and hold the centre of the button on your pendant or wristband.

You're connected

The alarm connects you straightaway with our team so they can get you the help you need.

Here when you need us

Whether it's an assessment over the phone by our clinical team or sending an ambulance in an emergency – we're here for you – 24/7.

What's the cost?

Our plans start from just \$19.95 a week. If you qualify for a Disability Allowance or ACC cover, you may be able to get your alarm fully funded. Talk to your doctor or health professional to find out more, or chat with us during a FREE in-home demonstration.

By choosing one of our medical alarms, you're not only gaining peace of mind – you're also helping to support our essential community services.
