Caring Caller

A gift of friendship

Everybody needs someone to talk to

Sometimes we lose contact with the people whose company we enjoy. Making friends to fill the gaps can be difficult and many people start to feel isolated. Fortunately, it does not have to be that way.

St John Caring Caller is a free telephone friendship service that regularly puts people in touch with someone who cares about them. We make sure clients are matched to a Caring Caller who has similar interests and who they feel comfortable talking to. It is a friendship that both client and Caring Caller can get much enjoyment from. Caring Caller does not provide medical or helpline services.

We make sure clients are matched to a Caring Caller who has similar interests and who they feel comfortable talking to.

St John Caring Caller, we're calling because we care

There are many types of people who would benefit from having a Caring Caller:

- people who feel isolated
- people who are house bound
- parents at home alone.

There are also many types of people who could become a Caring Caller:

- people who are good at talking
- people who have some spare time
- people who would like to make a difference in someone's life.

If you, or someone you know, would benefit from regular telephone contact, either as a client or a Caring Caller, call us toll-free on 0800 780 780.

This is my story

My name is Michael

I have been a Caring Caller for 2 years. I enjoy sharing stories on the phone and find it rewarding that I can be there for someone who needs a friend. I am a Caring Caller because I like knowing that I am making a difference to someone's life.

My name is Mavis

My daughter recommended I get a Caring Caller over 12 years ago. I have had the same caller ever since and she has become a wonderful friend. She calls me every night. It's not as lonely having my Caring Caller, we have so much in common. Sometimes it's just nice to know someone is there.
